# **I. INTRODUCTION TO OAK HILL MIDDLE/HIGH SCHOOL**

## **A. HISTORY OF THE SCHOOL**

The first graduating class of Oak Hill High School was in 1893 from a six room brick building. The building was replaced in 1901 with Central school building. It was occupied on January 1, 1902, and served as the high school until 1924. In August of 2004 a new middle/high school was built to replace Blackfork, Bloomfield and Oak Hill High School. The first graduating class from the present Oak Hill High School building was in 2004. In 1924, the location of Oak Hill High School was 205 Western Avenue. Since that time several additions WERE added to accommodate the Vocational Departments; in 1986 a new wing was constructed to house a computer lab, vocal music room, an art room, locker and weight facilities and a study hall; in 1989 a new separate structure was built for vocational agriculture. Oak Hill Middle School/High School is located at 5063 SR 93 in Oak Hill. The facility contains all classroom locations. Oak Hill Union Local Schools has a superior athletic complex located behind the building. This was completed in 2006.

## **B. ACCREDITATION**

Oak Hill High School is a comprehensive high school offering courses in Business Education, Home Economics, Vocational Agriculture, college preparation and general education. The school is accredited by the North Central association and Secondary Schools and meets or exceeds all requirements of the State Department of Education. The Buckeye Hills Career Center is available to students of Oak Hill High School and offers a diversified vocational education program for juniors and seniors.

# **II. ORGANIZATION OF INSTRUCTION**

## **A. PROGRAM OF STUDIES**

Twenty-one credits are required for graduation. These credits must include 4 units of English, 4 units of Math, 3 units of Social Studies, 3 units of Science, ½ unit of Health, ½ unit of Physical Education, 1 unit of fine arts. One-quarter (1/4) unit per year of community service will be required. This must be accomplished in an approved program of activities. Registration for your courses is made about mid-way through second semester so that you can plan your course of study within your high school program. A counselor is available to assist each individual at the time of registration. You will be given a schedule of classes for which you have registered on the first day of school. This must be followed unless approval for change is secured from the principal. Schedule changes will be held to a minimum and only those students with serious conflicts will be considered for change.

## **B. SPECIAL AREAS OF STUDENT INTEREST**

### **1. STUDY HALLS**

Study halls provide a time and place for study at school. Students should utilize this time effectively. Disturbances which keep fellow students from studying will not be tolerated. Students should bring needed materials to study hall for study. Any student that is excused from a study hall to work in any activity must be **UNDER THE DIRECT SUPERVISION OF A MONITOR**. Students violating the above regulations will be denied the privilege of leaving any classroom for any reason.

### **2. ADVISORY CLASS – OAKS 101**

An advisory class is a specific period built into OHMS/HS's master schedule that is not a content-specific class. Instead, students and teachers will use advisory to engage in academic, socio-emotional, and school-wide culture building.

### **3. MEDIA CENTER**

An up-to-date media center volumes is located near the gymnasium. Books may be taken out of the media center and returned during study hall periods. Detailed instructions about the use of the media center will be given in your English class. Students will pay for lost books and for any damage beyond normal use.

### **3. LOCKS**

Lockers should be kept locked at all times. You should not share your combination with anyone and do not allow students to use your locker. Section 3313.20 of the Ohio Revised Code authorizes a principal to search any pupil's locker and the contents thereof upon reasonable suspicion that the contents may contain evidence of a criminal or school rule violation. Contents may be boxes, purses, bags and any other items in the locker. Lockers supplied by the school and used by the students are the property of the board of education. Therefore, student lockers and the contents of the lockers are subject to random search at any time without regard to whether there is a reasonable suspicion that any locker or its contents contains evidence of a violation of a school rule or criminal statute. Random searches of lockers may include the assistance of dogs trained to detect the presence of drugs.

### **4. ARRIVAL AT SCHOOL**

The building opens for students at 7:00 A.M. The first bell rings at 7:30 A.M. School begins at 7:40 A.M. and is dismissed at 2:26 P.M. Upon arrival, students should grab breakfast, go to their lockers and be in their first period class by the 7:40 tardy bell.

### **5. WITHDRAWAL FROM SCHOOL**

A student withdrawing from school must go to the Guidance Office to secure a withdrawal form. Take this form to each of your teachers for their signature that you have returned all textbooks and paid all financial obligations. After the form is completed return it to the office. No records will be released until a student has met all financial obligations. A student who does not withdraw properly will not have his records released to another school until all obligations have been honored.

### **6. TEXTBOOKS**

Textbooks are provided free of charge by the Board of Education. Students are asked to keep in mind that these books are loaned to them and will be used again by other students. Books are expected to last seven years and students will have to pay for lost books or any damage beyond normal use. If you lose a book, report it to your subject teacher and check the lost book return areas to see if it has been returned. Financial obligations must be met for lost/damaged books before students will be issued new books.

## **III. RECOGNITION AND HONORS**

One of the most important recognition you can earn at Oak Hill High School is to have your name placed on the Honor Roll. To achieve this distinction you must have a 3.5 quality point average or higher. This list is compiled by the counselor's Office every nine weeks. The Honorable Mention list is for recognition of students that have a 3.0-3.4-quality point average. Honor O's are presented to each student who has been on the honor roll three (3) grading periods during the school year. It is the student's responsibility to verify for the Guidance Office that they are eligible for this award.

### **B. OAKAMANIA SELECTION**

The highest academic honor is to be selected for OAKAMANIA for a nine-week grading period. Each nine weeks, students who meet academic and attendance requirements are recognized. Benefits for Oakamania include qualification to receive free prizes.

### **C. NATIONAL HONOR SOCIETY**

Membership in the National Honor Society is one of the highest honors that can be awarded to a high school student. Members of the National Honor Society exhibit the positive qualities of Scholarship, Leadership, Service and good Character, which are the basis for selection. No student is inducted simply because of high academic average. The National Honor Society strives to recognize the total student, one who excels in all these areas. The standards used for your selection are: Scholarship- 3.5 point high school cumulative average or better. Leadership, Service and Character - as demonstrated by activities and teacher recommendations. Students meeting these requirements are voted on by a faculty council. Membership incurs a responsibility and an obligation to demonstrate the above qualities that result in selection.

#### **D. GRADE POINT AVERAGE**

The guidance counselor will compute each student's grade point average using only the **SEMESTER AVERAGE GRADE ON THE GRADE CARD** for each student. Classes taken for one unit of credit will have more value in computation than one-half, one-quarter, or one-eighth credit courses. The GPA is used for determining class rank, academic honors, and local scholarship awards.

#### **E. REPORT OF GRADES**

Report cards are issued four times each school year. Students are to take the report card home to parents. Nine-week grades, semester examination grades, semester average grade, yearly grade, and attendance information are on the report cards. Parents can access grades online by calling the school and setting up an account. Interim reports will be sent home before parent teacher conferences. The only grades recorded on a student's permanent record are the semester average grades, yearly average grade and credits earned.

## **H. ACADEMIC ACCELERATION, EARLY ENTRANCE TO KINDERGARTEN, AND EARLY HIGH SCHOOL GRADUATION**

Any student residing in the District may be referred by a teacher, administrator, gifted education specialist, guidance counselor, school psychologist or a parent or legal guardian of the student to the principal of his/her school for evaluation for possible accelerated placement. A student may refer himself/herself or a peer through a District staff member who has knowledge of the referred child's abilities. After evaluation acceleration determination will be made by the Acceleration committee. Oak Hill Union Local School District's full acceleration policy describes the process that is used for evaluating students for possible accelerated placement and identifying students who should be granted early admission to kindergarten, accelerated in one or more individual subject areas, promoted to a higher grade level than their same-age peers and granted early graduation from high school. This policy may be obtained by contacting the building principal or central office.

## **GRADUATION SEALS**

In addition to fulfilling curriculum requirements and meeting the competency requirements, students also must show they are prepared for their next steps after high school. State law created 12 diploma seals for students to demonstrate academic, technical and professional readiness for careers, college, the military or self-sustaining professions. Each seal allows students to demonstrate knowledge and skills essential for future success in their chosen post-high school paths. Students will demonstrate readiness by earning at least two diploma seals, one of which must be state-defined. Seals help students develop an array of critical skills that are valuable to them as they transition to the next steps after high school.

Bus service is from the student's residence to school and back to that residence. Any other transportation (i.e.: to a relative's home, to visit a friend, emergency situations) must be approved by the transportation supervisor prior to the student boarding a bus other than his normal bus. Students failing to attend school during the school day (skipping) are not to be permitted to ride the bus home after school even if they rode the bus to school that morning. ### **G. PARENTAL NOTIFICATION REQUIREMENT for TEACHER QUALIFICATIONS**

Oak Hill Middle/High School uses funding through Title I, Improving the Academic Achievement of the Disadvantaged. ## **VI. REGULATIONS**

### **A. ATTENDANCE**

It is very important that you do your best to maintain a good attendance record. The first thing many prospective employers ask concerning a student's record is how many days did he/she miss during each year of high school. Without regular attendance you will find it very difficult to do satisfactory work in your classes. The only excuses for absences from school recognized by state law are illness, death in the family, a contagious disease at home, or an emergency beyond the control of the student. If you are absent from school, on your return you should bring a note signed by your parent/guardian to the assigned teachers. On the day of your absence, it is recommended that your parent call the school between the hours of 7:00 a.m. and 9:00 a.m. to inform school officials of absence.

**NO STUDENT LEAVES SCHOOL WITHOUT CHECKING INTO THE OFFICE AND HAVING CONTACT WITH A PARENT OR GUARDIAN.**

### **1. CLASSIFICATION OF ABSENCES**

- f. Religious holidays
- g. Emergency beyond the control of student (non-reoccurring)

\*\*\* *These absences are locally decided on through the Oak Hill Middle/High School office.*

### **SCHOOL ABSENCES**

It is important that students establish the habit of being punctual. If students are late to school or classes, they are not only establishing bad habits for themselves, they are also distracting from other students' education by disrupting classes by entering late. A student who arrives after 7:40 a.m. but before 8:00 a.m. will be considered tardy. Due to House Bill 410, any student arriving after 7:40 am for school will be considered as a partial absence for any time missed.

### **PLEASE NOTE:**

**Vacations** should be arranged so that school time is not taken. If this is impossible, the student will not be given excused absences. However, teachers may take into consideration the following in allowing the students to make up work: past student attendance, grades, willingness and opportunity to make up the work. Advance notice is mandatory for all family trips. Special Absence request forms may be picked up in the principal's office.

### **TARDY to SCHOOL**

- A student may use a hallway pass for a documented medical concern provided a medical note is on file in the OHMS/HS Office.

- Students will not be kept from using the restroom, however, lunch detentions may be assigned if out of passes.

### **- Corrective Action for Excessive Use of Hallway Passes to Class will be as follows, per academic quarter:**

When a student of compulsory school age is absent from school with combined nonmedical excused absences and unexcused absences in excess of thirty-eight (38) or more hours in one (1) school month, or sixty-five (65) or more hours in a school year, that student is considered "excessively absent" from school. The District or school shall notify the child's parent or guardian of the child's absences, in writing, within seven (7) school days after the date of the absence that triggered the notice requirement. At the same time written notice is given, any appropriate intervention action listed herein may be taken.

The following "medical excuses" will not count toward a student's excessive absence hours: (1) personal illness; (2) illness in the family necessitating the presence of the child; (3) quarantine of the home; (4) health care provider appointments (doctor, dentist, mental health provider, etc.); (5) medically-necessary leave for a pregnant student in accordance with Policy 5751; (6) death in the family; or (7) other set of circumstances the Superintendent deems on a case-by-case basis to be a good and sufficient cause for medical absence from school.

A medically excused absence occurs any time a student is out of school due to illness or medical visit (physician, dentist, mental health, etc.). A medical excuse for personal illness will be accepted in the form of doctor's note within five (5) school days of the absence or parent call-in on the day of the absence due to illness or doctor's visit. A student may have up to five (5) medically excused absences without a

doctor's note, but with a phone call from a parent/guardian.

### **5. MANDATORY ATTENDANCE FOR CLASS CREDIT**

The state legislature requires that a student be in attendance at school at least 90% of the time to receive credit for class work during each grading period. c. Students signing out of school for more than one period during the school day must also secure permission from a Principal or Athletic Director before they leave school to return to participate. Failure to do so will result in denial of the student the right to play or practice.

d. The primary responsibility for enforcement of this regulation rests with the activity sponsor. He/she should know that his students are in attendance at the beginning of the school day. If they should be absent then he/she should secure information from a Principal or Athletic Director before allowing that student to practice or play.

e. Habitual violation of this provision may be used by the Advisor (coach) for removal from the squad after notification that any additional violations will result in removal from the activity.

## **BULLYING AND OTHER FORMS OF AGGRESSIVE BEHAVIOR**

The Board of Education is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The Board encourages the promotion of positive interpersonal relations between members of the school community.

Harassment, intimidation, or bullying toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes aggressive behavior, physical, verbal, and psychological abuse, and violence within a dating relationship.

The Board will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the District, including activities on school property, on a school bus, or while enroute to or from school, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, in a school vehicle, or where an employee is engaged in school business.

This policy has been developed in consultation with parents, District employees, volunteers, students, and community members as prescribed in R.C. 3313.666 and the State Board of Education's Model Policy.

Harassment, intimidation, or bullying means:

- A. any intentional written, verbal, electronic, or physical act that a student or group of students exhibits toward another particular student(s) more than once and the behavior both causes mental or physical harm to the other student(s) and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s); or
- B. violence within a dating relationship.

"Electronic act" means an act committed through the use of a cellular telephone, computer, pager, personal communication device, or other electronic communication device.

Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well being. This type of behavior is a form of intimidation and harassment, although it need not be based on any of the legally protected characteristics, such as sex, race, color, national origin, marital status, or disability. It would include, but not be limited to, such behaviors as stalking, bullying/cyberbullying, intimidating, menacing, coercion, name calling, taunting, making threats, and hazing.

Harassment, intimidation, or bullying also means cyberbullying through electronically transmitted acts (i.e., internet, e-mail, cellular telephone, personal digital assistance (PDA), or wireless hand-held device) that a student(s) or a group of students exhibits toward another particular student(s) more than once and

the behavior both causes mental and physical harm to the other student and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s).

Any student or student's parent/guardian who believes s/he has been or is the victim of aggressive behavior should immediately report the situation to the Building Principal or assistant principal, or the Superintendent. The student may also report concerns to teachers and other school staff who will be responsible for notifying the appropriate administrator or Board official. Complaints against the Building Principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports may be made to those identified above.

All complaints about aggressive behavior that may violate this policy shall be promptly investigated. The Building Principal or appropriate administrator shall prepare a written report of the investigation upon completion. Such report shall include findings of fact, a determination of whether acts of harassment, intimidation, and/or bullying were verified, and, when prohibited acts are verified, a recommendation for intervention, including disciplinary action shall be included in the report. Where appropriate, written witness statements shall be attached to the report.

If the investigation finds an instance of harassment, intimidation, and/or bullying/cyberbullying by an electronic act or otherwise, has occurred, it will result in prompt and appropriate remedial and/or disciplinary action. This may include suspension or up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers, and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement officials.

If, during an investigation of a reported act of harassment, intimidation and/or bullying/cyberbullying, the Principal or appropriate administrator believes that the reported misconduct may have created a hostile learning environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the principal will report the act of bullying and/or harassment to one (1) of the Anti-Harassment Compliance Officers so that it may be investigated in accordance with the procedures set forth in Policy 5517 - Anti-Harassment.

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of aggressive behavior is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as aggressive behavior. Retaliation may result in disciplinary action as indicated above.

Deliberately making false reports about harassment, intimidation, bullying and/or other aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Deliberately making false reports may result in disciplinary action as indicated above.

If a student or other individual believes there has been aggressive behavior, regardless of whether it fits a particular definition, s/he should report it and allow the administration to determine the appropriate course of action.

The District shall implement intervention strategies (AG 5517.01) to protect a victim or other person from new or additional harassment, intimidation, or bullying and from retaliation following such a report.

This policy shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State or Federal law).

The complainant shall be notified of the findings of the investigation, and as appropriate, that remedial action has been taken. If after investigation, acts of bullying against a specific student are verified, the Building Director or appropriate administrator shall notify the custodial parent/guardian of the victim of such finding. In providing such notification care shall be taken to respect the statutory privacy rights of the perpetrator of such harassment, intimidation, and/or bullying.

If after investigation, acts of harassment, intimidation, and/or bullying by a specific student are verified, the Building Director or appropriate administrator shall notify in writing the custodial parent/guardian of the perpetrator of that finding. If disciplinary consequences are imposed against such student, a description of such discipline shall be included in the notification.

### *Complaints*

Students and/or their parents/guardians may file reports regarding suspected harassment, intimidation, or bullying. Such reports shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. Such reports may be filed with any school staff member or administrator, and they shall be promptly forwarded to the Building Director for review, investigation, and action.

Students, parents/guardians, and school personnel may make informal or anonymous complaints of conduct that they consider to be harassment, intimidation, and/or bullying by verbal report to a teacher, school administrator, or other school personnel. Such complaints shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. A school staff member or administrator who receives an informal or anonymous complaint shall promptly document the complaint in writing, including the information provided. This written report shall be promptly forwarded by the school staff member and/or administrator to the Building Director for review, investigation, and appropriate action.

Individuals who make informal complaints as provided above may request that their name be maintained in confidence by the school staff member(s) and administrator(s) who receive the complaint. Anonymous complaints shall be reviewed and reasonable action shall be taken to address the situation, to the extent such action may be taken that (1) does not disclose the source of the complaint, and (2) is consistent with the due process rights of the student(s) alleged to have committed acts of harassment, intimidation, and/or bullying.

When an individual making an informal complaint has requested anonymity, the investigation of such complaint shall be limited as is appropriate in view of the anonymity of the complaint. Such limitation of investigation may include restricting action to a simple review of the complaint subject to receipt of further information and/or the withdrawal by the complaining student of the condition that his/her report be anonymous.

### *Privacy/Confidentiality*

The School District will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All

records generated under this policy and its related administrative guidelines shall be maintained as confidential to the extent permitted by law.

#### *Reporting Requirement*

At least semi-annually, the Superintendent shall provide to the President of the Board a written summary of all reported incidents and post the summary on the District web site (if one exists). The list shall be limited to the number of verified acts of harassment, intimidation, and/or bullying, whether in the classroom, on school property, to and from school, or at school-sponsored events.

Allegations of criminal misconduct and suspected child abuse will be reported to the appropriate law enforcement agency and/or to Child Protective Services in accordance with statute. District personnel shall cooperate with investigations by such agencies.

#### *Immunity*

A School District employee, student, or volunteer shall be individually immune from liability in a civil action for damages arising from reporting an incident in accordance with this policy and R.C. 3313.666 if that person reports an incident of harassment, intimidation, and/or bullying promptly, in good faith, and in compliance with the procedures specified in this policy. Such immunity from liability shall not apply to an employee, student, or volunteer determined to have made an intentionally false report about harassment, intimidation, and/or bullying.

#### *Notification*

Notice of this policy will be **annually** circulated to and posted in conspicuous locations in all school buildings and departments within the District and discussed with students, as well as incorporated into the teacher, student, and parent/guardian handbooks. At least once each school year a written statement describing the policy and consequences for violations of the policy shall be sent to each student's custodial parent or guardian.

The statement may be sent with regular student report cards or may be delivered electronically.

The policy and an explanation of the seriousness of bullying by electronic means shall be made available to students in the District and to their custodial parents or guardians.

State and Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedures.

#### *Education and Training*

In support of this policy, the Board promotes preventative educational measures to create greater awareness of aggressive behavior, including bullying and violence within a dating relationship. The Superintendent or designee shall provide appropriate training to all members of the School District community related to the implementation of this policy and its accompanying administrative guidelines. All training regarding the Board's policy and administrative guidelines about aggressive behavior and bullying in general, will be age and content appropriate.

Annually, the District shall provide all students enrolled in the District with age-appropriate instruction regarding the Board's policy, including a written or verbal discussion of the consequences for violations of the policy to the extent that State or Federal funds are appropriated for this purpose.

Students in grades seven (7) through twelve (12) shall receive age-appropriate instruction in dating violence prevention education, including instruction in recognizing dating violence warning signs and characteristics of healthy relationships. Parents, who submit a written request to the Building Director to

examine the dating violence prevention instruction materials used in the school, will be afforded an opportunity to review the materials within a reasonable period of time.

The District shall provide training, workshops, and/or courses on this policy for school employees and volunteers who have direct contact with students, to the extent that State or Federal funds are appropriated for these purposes. Time spent by school staff in these training programs shall apply toward mandated continuing education requirements.

In accordance with Board Policy 8462, the Superintendent shall include a review of this policy on bullying and other forms of harassment in the required training in the prevention of child abuse, violence, and substance abuse and the promotion of positive youth development.

The Superintendent shall develop administrative guidelines to implement this policy. Guidelines shall include reporting and investigative procedures, as needed. The complaint procedure established by the Superintendent shall be followed.

### **Oak Hill Union Local School District Acceptable Use Policy Use**

- 1) **EDUCATIONAL OBJECTIVES:** The use of the district technology resources and Internet access must be in support of education and research and be consistent with the educational objectives of the Oak Hill Union Local School District. Computer access is essential for success in most classes.
- 2) **ACCESSING, DOWNLOADING or TRANSMITTING OF MATERIALS:** Accessing, downloading or transmitting of any material in violation of any U.S., state, or school regulation is prohibited. This includes but is not limited to: copyrighted material, threatening, abusive, explicit or obscene material, hate mail, chain e-mail, harassment, discriminatory remarks, cyberbullying, and other antisocial behavior.
- 3) **EDUCATIONAL USE:** Computers are for educational use, they are not to be used for commercial, political, or illegal activity.
- 4) **SCHOOL EMAIL:** Staff should not use any other email system for official school communication. Emails related to a school and /or district fall under the public record laws. Private email accounts used for school activities would also be public records. Email is archived on Microsoft's servers. Be careful what you send. The forwarding of chain e-mail is prohibited.
- 5) **VANDALISM/THEFT:** Acts of vandalism or theft will result in cancellation of all privileges, and be reported to the civil authorities. Students and/or Parents/Guardians of students damaging school property will be held financially responsible for it. Vandalism is defined as an attempt to harm, modify, or destroy any workstation, network, or peripheral device; including but not limited to all software and hardware. This includes, but is not limited to, the uploading or creation of computer viruses.
- 6) **SOFTWARE INSTALLATION:** Only technology staff can install software. Some software may be queued and then installed when the user logs on. Installation of software onto the network or onto individual workstations by end users is prohibited. Only properly licensed software will be installed on district computers. Copying or distributing school or personal software is prohibited by all users.
- 7) **INAPPROPRIATE MATERIAL:** The Internet consists of computer systems networked all over the world. Users (and parents of users who are under 18 years old) must understand that neither the school nor the District can control

all the content and information. Some content may be controversial and/or offensive. Internet safety training is provided to the students. The District has also implemented filtering measures to prevent students from accessing inappropriate materials and monitoring software, which maintains a running log of Internet activity; recording which sites a particular user has visited. Intentionally accessing inappropriate material is expressly prohibited. Accidental offences must be reported immediately to prevent disciplinary actions. Employees, students and parents of students must be aware that the privileges to access online services may be withdrawn from users who do not respect the rights of others or who do not follow the rules and regulations established. A user's agreement is signed to indicate the user's (or user's parents) acknowledgement of the risks and regulations for computer/online services use. The District is not responsible for materials acquired on the network. **NETIQUETTE**

8) You are expected to abide by the generally accepted rules of network etiquette. These include but are not limited to: a. Be polite; keep message brief b. Use appropriate language – do not swear or use vulgar language. c. Do not use the network in such a way as to disrupt the use of the network. d. Report all problems immediately to your teacher or the network administrators. e. If you receive a message of questionable content or origin, report this immediately to your teacher or network administrators.

9) Rules and regulations of on-line etiquette are subject to change by the administration. **2/2 SECURITY**

10) When assigned to an account: a. Student passwords are assigned by the District. Staff members need to select a password that is unique and not easily deciphered by others. A password that includes upper and lower case along with numbers is more difficult for others to crack. b. Don not tell others your password. c. Do not reveal personal home address or phone number or those of other students or colleagues. d. You are ultimately responsible for ALL activity under your account. e. Do not use another person's password. f. If you feel someone else knows your password, please notify the Technology Coordinator and ask that it be changed.

11) Do not circumvent security measures on school or remotely accessed networks. **PRIVACY**

12) All files and messages stored on the file server or any workstations are property of the District and may be subject to periodic inspection and deletion. The district reserves the right to monitor and or archive ALL data that passes through the districts computers and/or computer network.

13) Do not consider e-mail as private, as most school email falls under public record laws. Messages sent using wrong usernames or addresses go directly to the person designated as Postmaster for that server and will be read by that person. If desired, school administration can read messages. Once sent, you have no control over what the receiver does with your message. That person may forward it on to other people, but your name will stay encoded with that message as the original sender; therefore, be careful what you write! Messages relating to or in support of illegal activities may be reported to the authorities.

14) Software is in use by the district that tracks all Internet and Electronic Mail activity.

**PRIVILEGE** 15) Use of the network is a privilege, not a right. Inappropriate use may result in a cancellation of privileges, and may result in school disciplinary action and/or legal action to be taken against the user. School Administrators will determine what is inappropriate and their decision is final. The Tech Coordinator may close an account at any time.

16) Students will be given computer network and Internet access unless The District receives a written notification to the contrary. Written notification should be sent to the attention of the Building Principal at the school where the child is in attendance.

17) School District makes no warranties of any kind, whether expressed or implied, for the service it is providing. School District will not be responsible for any damages you suffer. This includes loss of data resulting from delays, non-deliveries, misdeliveries, or service interruption caused by its own negligence or your errors or omissions. Use of any information obtained via the Internet is at your own risk. School District specifically denies any responsibility for the accuracy or quality of information obtained through its services.

18) Conditionally personal devices may be used on the school network. Devices must be registered with the technology department. Additional software or apps may be required to access the network. Compliance with district policies is required, and all network traffic may be monitored. Use of cellular networks or nonschool Wi-Fi to bypass filtering is prohibited. Use of personal hot spots or non-district access points is prohibited. Additional restrictions may be set by the building principals and classroom teachers. 19) All related student-handbook policies apply to computers, computer usage and school networks.
